

The way forward!

The HTC P3300 personal mobile navigator ensures you know where you are at anytime, in any place. Navigation simplicity is built in with standalone GPS and the new TomTom NAVIGATOR 6 application. Clear maps and straightforward directions help you arrive on time, ready for your day ahead.

Instant access to your emails, calendar and contacts wherever you are with Microsoft® Windows Mobile® 5.0 Direct Push email coupled with fast internet access through EDGE or Wi-Fi® ensures you'll always be in contact. The user friendly wheel and trackball makes zooming and viewing your surroundings, or your documents and messages effortless.

With built in Bluetooth® 2.0 wireless stereo and FM radio, it's a mobile you'll never want to be without.

Move forward the "smart" way with the HTC P3300.
