

Grasp the technology!

The stylish HTC S620 makes light work of hand-held email and document management on the go. This slim and compact messaging smartphone is one of the sharpest tools for business and busy people. Microsoft® Windows Mobile® 5.0 Smartphone with Direct Push technology gives you instant access to your emails, calendar and contacts anytime.

Wherever, whenever, you'll be connected. HTC S620 has Quad-Band EDGE/GPRS, Wi-Fi® and Bluetooth® 2.0 – perfect for people on the move. Easy one-hand operation using the HTC JOGGR™ control pad with variable speed, drag and hold makes document viewing a pleasure. Add to this the full integrated keyboard, and 2.4 inch screen display with landscape mode, and you'll see why the HTC S620 is the best in “smart” messaging.
